

# Frailty, Illness, and Health in Deep Old Age: Perspectives from Medical Sociology and Social Gerontology

## CALL FOR PAPERS

We invite scholars at all career stages to submit abstracts for a one-day, in-person conference hosted by the Centre for Ageing and the Life Course to take place at the University of Liverpool on 11<sup>th</sup> December 2024.

This conference aims bring together researchers working in social gerontology and/or medical sociology to discuss concepts, methods and empirical research on the topic of ageing and frailty. We are particularly keen to engage with empirical and theoretical research in progress as well as the work of new and emerging global scholars.

Abstracts should be 150–300 words. Please send all abstracts, together with a brief bio to Paul Higgs ([p.higgs@ucl.ac.uk](mailto:p.higgs@ucl.ac.uk)) and Susan Pickard ([susan.pickard@liverpool.ac.uk](mailto:susan.pickard@liverpool.ac.uk)) by 15<sup>th</sup> July 2024.
